CIRCULAR

It has been observed that the commencement of cargo operations for vessels carrying Crude Palm Oil (CPO) is occasionally delayed due to inadequate temperature maintenance in the cargo tanks. In light of this, it is hereby directed that all concerned vessel agents should issue suitable communications to these vessels, emphasizing the importance of maintaining proper tank heating. This proactive step will help prevent delays during discharge operations.

TRAFFIC MANAGER
DEENDAYAL PORT AUTHORITY

To,

1. The President, Kandla Liquid Tank Terminal Association
2. The President, Kandla Port Steamship Agent Association
