Dated: 02.07.2024

TRADE CIRCULAR

The Ministry of Ports Shipping and Waterways, Government of India has developed an integrated portal named "Sagar Setu". The Sagar Setu is a National Maritime Single Window Platform encompassing complete end-to-end logistics solutions to help exporters, importers, and service providers exchange documents seamlessly and transact business. The overarching NLP Marine Vision is to cater to various stakeholders in G2G, G2B and B2B model.

As per the Ministry's policy, all the advance payment towards vessel related and cargo related charges need to be processed only through NLP platform. Since a new portal of NLP is developed giving wider inclusiveness of stakeholders, all the Port users may make use of the NLP platform for making the advance payments only through NLP instead of RTGS / net banking, which is being currently used, so that said online platform can be made used of to the fuller extent. Please note that this is mandatory requirement and non-compliance would result in delay/denial of Port services, therefore, it is requested that all the stakeholders are requested to register themselves in the Portal "Sagar Setu" "<https://nlpmarine.gov.in>" and make use of the platform.
